

Kualoa Ranch

Horseback Riding

Horseback tours are just one of the unforgettable activities you can enjoy at beautiful Kualoa Ranch. Kualoa's horseback tours combine that special bond with horses with the most spectacular scenery on Oahu. On horseback, riders take different trails beneath the cliffs and overlooking the ocean. **One Hour Tour** - See the southern half of the ranch. Vistas of the famed "Chinaman's Hat" (Mokolii island) and an ancient 800 year-old Hawaiian fishpond accompany the great feeling of spending time riding horses.

Two Hour Tour - Adventure to the northern part of the ranch deep into Ka'a'awa Valley where *Jurassic Park*, *Windtalkers*, *You, Me & Dupree*, *50 First Dates* and *Lost* were filmed, among many other films. The tours take you through forested areas, past World War II bunkers, all with fantastic views of the Kualoa Mountains and the Pacific Ocean.

ATV Tours

See Kualoa Ranch up close and personal! Navigate your ATV through trails deep into scenic valleys and to remote areas rarely visited by others. Our ATV tours go out rain or shine - diggin' through the dirt and crossing seasonal streams are part of the fun! One and two hour tours are available. Our one hour tour will take you over a saddle trail to visit a movie set and explore a WWII bunker converted to an exhibit of Kualoa Ranch's movie history. Our two hour tours, for more experienced riders, take you even deeper into the ranch's secret spots.

Movie Sites & Ranch Tour: Our most popular tour! Board our ranch buses for a delightful one hour narrated tour across Kualoa Ranch and into gorgeous Ka'a'awa Valley to experience where many of Hollywood's biggest blockbuster movies and television shows are filmed.

Look for the *Jurassic Park* site, find *Godzilla's* footprints, see the *Windtalkers* battleground and visit many more landmark locations. You may just actually get lucky and see some filming in progress, perhaps for the latest smash television series *LOST!*

Jungle Expedition: Board your 6-wheel drive Swiss Pinzauer and rumble along jungle trails and up a lush, remote valley for fantastic ocean and mountain views.

This back-country adventure tour will maneuver through isolated stream beds, power up hills

and tackle rough terrain going to secluded spots that overlook the dramatic windward coastline and an ancient Hawaiian fishpond.

Ocean Voyaging: The Hawaiian Islands are the most isolated group of islands in the world. Using only the stars, the ancient Hawaiians traveled to and populated these islands about 1000 years ago.

Learn about ancient Hawaiian navigation on the Ocean Voyaging Tour. The tour goes into the beautiful Kaneohe Bay aboard a very comfortable 49 passenger catamaran past the famous Mokolii Island (Chinaman's Hat) and Hokule'a Beach, the ceremonial home of the first modern replica of an ancient sailing canoe.

The views of Kualoa Ranch and Koolau mountains from the ocean are unmatched and the lively historical narration is educational and enjoyable.

***(Ocean Voyaging does not operate Sundays or Federal Holidays)**

Hawaiian Fishpond & Garden Tour: The early Hawaiians settled these islands and developed some of the most advanced agricultural practices in the world for a Stone Age culture.

After Captain Cook "discovered" the islands in 1778, more agricultural developments occurred in Hawaii that would leave a permanent mark on the physical, cultural and social landscape of Hawaii.

The Hawaiian Fishpond and Garden Tour explores different facets of this rich history by going through fields of tropical flowers, fruit trees and gardens before venturing out on Moli'i Fishpond.

Paliku Exploration: In the ancient days, before Hawaii was "discovered," the area Kualoa was one of the most sacred places on the island of Oahu. The dramatic mountain was named "Paliku".

This tour, with its magnificent views of windward Oahu, Kaneohe Bay, Mokolii Island and the Pacific Ocean tells the history of Kualoa, and how it became Kualoa Ranch. This tour includes a short hike to the top of a ridge that has 360 degrees of spectacular views of this side of the island.
